Wed 25 Aug P&C Meeting 3.30pm
30 Aug-3 Sep NAIDOC Week
Fri 3 Sept Father's Day stall & raffle draw

Mrs Schuchmann's Spiel...

Last week we celebrated Education Week - we hope you enjoyed the videos that were posted onto our Facebook page... they represent what education at our wonderful school looks like – fun, hands on, happy, inspiring and for the future.

We wanted to take this opportunity to reassure you that we are taking every precaution possible to prevent the spread of Covid and keep our families safe. If you have any concerns or questions, we ask that you please contact the office and we will be happy to talk with you.

Our athletics carnival earlier this term was a terrific day. All of our kids participated in several events each and we can see that we've got some up and coming athletes in future years. At present, the District Carnival has been postponed, however if it is given approval to proceed, we will have a team of students ready to represent us. Please look out for notes and future details.

Continue to enjoy these beautiful days and the quiet of our wonderful location and stay well.

Mrs Schuchmann

Rlg Principal

Marida's -Star of the day

Star ★ of the day ... goes to **Scarlett** for trying her best with the Dhurga phonemes.

Leyla Taylor

Umbarra

This fortnight we have seen some huge gains in reading from all students. A special mention to **Jaymee** for dedication to learning and always trying her best. **Natalie** has blown us away with the quality and time she spends on completing her homework to a high standard. And last but not least, **Georgina** that is constantly amazing us with her automatic recall of some of her times tables.

Kylie Parker Aunty Kat

Waagura

Waagura students have been working like mathematicians. We have found that mathematicians work hard, never give up, discover and solve problems. We have been exploring fractions and converting proper fractions to improper fractions. Well done to **Izaac** who has solved some tricky problems converting fractions, he has stuck with the task even when the problem seemed too hard at times.

Andrew Craft

CANTEEN

The canteen is open Thursday. This week's menu comes from K/1. Enjoy! Please get your orders in by 10am.

Spaghetti Bol & drink \$6.00
Pie & drink \$6.00

FRUIT BREAK

Just a reminder fruit break is at 10.45am daily. Please bring a piece of fruit cut up.

Check out the website for healthy lunch box and snack recipes and ideas: healthylunchbox.com.au

LIBRARY NEWS

Book Week is in week 7 this term, 23 -24 August. See the poster for the theme. Our Book Character Parade will be Tuesday 24 August. Start thinking of ideas for costumes for the book parade.

P&C NEWS

- Our next P&C meeting is Wednesday, 25 August at 3.30pm in the staffroom. This is a Covid safe meeting, please bring your phone to scan the QR code and wear a face mask. Thank you. New members are welcome.
- We will be holding two raffles this term: The first one is **6 baskets of new toys** which were donated for our Attendance Program however as they were not of equal value we could not use them. The money raised will be used to purchase appropriate prizes for the Attendance Program Awards. **Drawn Friday 13 August.** Great Christmas presents!!

The second will be for Father's Day which will be drawn Friday 3 September and there will be a stall as well so the children can buy a gift for dad/grandad.

COMMUNITY NEWS

- *Mogo Aboriginal Preschool.* Ph: 4411 8453 for enrolment details.
- *Mogo SUPA Club*-Boomerang Meeting Place every third Tuesday of the month 3.30-5.30pm. The next one is 17 August. Permission form available at the school office.
- *Shoalcoast Community Legal Centre Inc.* have free legal advice. Thursday 5 August, 9.30am-2.30pm at Moruya. Must book on 1800 229 529
- In partnership with Education, *headspace National* is hosting free mental health education sessions across identified regions in NSW, on ways for parents and carers to support a young person when they are concerned about their mental health. Dates are outline in the flyer on the next page.

The session aims to:

- Strengthen your understanding of mental health and the warning signs for suicide and self-harm.
- Strengthen your understanding and skills in how to cope and where to find help.
- Build awareness of local services and the various support services available.
- Strengthen relationships between local area mental health services, local schools, headspace centres and other community organisations.

Location: This session will be delivered by a webinar online.

More information is available by emailing headspaceSchools@headspace.org.au

Registration is via Eventbrite:

<https://www.eventbrite.com.au/o/headspace-national-youth-mental-health-foundation-30549822220>

- The *NSW Health* has a number of resources for our Aboriginal Communities providing valuable educational material such as Posters, Videos and PDF's, to share throughout our Networks. <https://www.health.nsw.gov.au/Infectious/covid-19/Pages/aboriginal-resources.aspx>
- **Learning Labs** is a program designed for students to participate in challenging, innovative and fun workshops during the school holidays. The workshops are presented by teachers or professionals with specialist training or a specific interest in gifted education. See flyer on next page.

Learning Labs at Batemans Bay Years 1-6

2 Day Workshops on 29-30 September

Year 1 & 2

BRIGHT SPARKS ROBOTICS
PRESENTER: JOSHUA MAGGS
CREATIVE KIDS ELIGIBLE WORKSHOP

Curious about coding? Want to build a robot and program it to move? Join STEM specialist, and Primary School Teacher, Joshua Maggs in this awesome hands-on exploration workshop involving smart hubs, motors, motion sensors, tilt sensors and circuits. Using Ozobots, Makey Makeys and WeDo Lego, students will problem solve their way through robotics challenges and dive into the world of future technology!

Years 3 - 6

FUTURE-PROOF LEARNERS
PRESENTER: JULIAN DAVIES
CREATIVE KIDS ELIGIBLE WORKSHOP

Do you want to become a well-rounded thinker and awesome communicator? Or enhance the skills you already have? Did you know in 2050, communication and critical thinking are going to be valued and needed more than ever? Future-proof yourself in this 2 day workshop that explores tips of how to successfully argue a case, create a persuasive speech and debate like a champion! Students will be encouraged and supported to take part in impromptu speeches and minddebates. Julian Davies has over a decade's experience working with school-age students from years 3 to 12. He is an accredited debating and public speaking adjudicator and has coached debating teams and public speakers to progress as far as the State Finals in the Department of Education competitions.

Years 4 - 6

LEFT BRAIN - RIGHT BRAIN
PRESENTER: VAL MANN

Learn about the benefits and deficits of your own - and others' - learning preferences. Take the (very brief) test and find out! What are the implications and how can you apply the strengths of your learning style to maximise your potential. Can you modify, grow or change your natural tendencies? Enjoy some basic exercises to see if you can. How can you benefit from others who are totally different in their thinking to you? What is the left brain - right brain theory and its implications for maths instruction? What can you expect to be doing at and how can you become strengthen your supposed weaknesses. What does it mean if you're in the centre of the left and right brain? Fun, informative, enlightening and broadening for all thinking students.

RADICAL RHYTHMS
PRESENTER: BYRON MARK
CREATIVE KIDS ELIGIBLE WORKSHOP

Dive into a creative dimension where you will set upon a journey to discover rhythms from all around the world: Africa, Spain, South America, India and of course, make your way back to Australia! Open to students of all levels (no prior musical knowledge required), they will learn how to play a variety of rhythms on an exciting array of percussion instruments: Cajon, Djembe, Dun duns, shakers, tambourines and recycled junk materials, promoting sustainability. Students will also have the opportunity to create their OWN rhythms, as they are guided to learn how to compose rhythmic pieces of music in small groups, using the instruments they have been taught to play. All arrangements and compositions developed across the two days will be presented to parents in a small concert showcase at the end of the workshop series. Byron Mark has been performing around Australia and internationally for 17 years, on keyboards and various percussion instruments.

Year 5 & 6

MATHEMATICS INVESTIGATIONS
PRESENTER: NILESH VYAS

For those who enjoy mathematics and all it can do then this is the workshop for you. In this hands-on session, you will work on your problem solving skills, reasoning and functionality. You will be working both independently and as part of a small team in the art of mathematical modelling. You will be involved in spotting patterns, formulating and testing your ideas. This workshop is designed to improve your mathematical communication and critical skills. There will be room for extension and enrichment using your higher order thinking skills. There will be time for reflection and your teacher will guide you. So see you there on the day with your scientific calculator!

upcoming sessions

Parents, Carers, and Community Members in the South Coast region are invited to attend a free mental health education session in Term 3.
